Inaugural Address

By Roland J. Desrochers

Delivered on January 4, 1962

Father Houde, Rev. Armitstead, Members of the School Board, Members of the City Council, Friends:

Sixty Seven years ago Franklin was incorporated as a city. Since that time thirty three different persons have guided our course. We must all agree that during those sixty seven years Franklin has changed considerably. Every year brings new technological developments which affect us in one way or another and because of these developments we find that we must drop our old methods and adopt new methods. This is progress and it is something of which we should not be afraid. We all resent changes, that is human nature. We like to coast along in our old ways and have less work and less thinking to do. However, we cannot follow a course such as this or we will become stagnant, we will be virtually dead. We must break the bonds of tradition, we must forge ahead and to do so will require changes, many changes and each of these changes demands that we all do a lot of thinking. They must be thoroughly analyzed to determine whether they will be good for us or not. What is good for our neighbor is not necessarily good for us. When I thing about changes I think of a policy which was taught to me by my English professor in college. He taught me this — "Do not be the first to adopt the new, nor the last to drop the old." That policy has served me well up to now and I feel certain that it will continue to guide my actions for the better in the future.

This year of 1962 which we are just now beginning will in my opinion, be an historic one. It may be a disastrous year or it may be a glorious year. The developments on the international scene will determine which it will be. The world situation is very serious and very critical and could explode at any moment. I have every confidence in our national government that they will guide us well over the rough seas of 1962. I am certain that a little prayer to the Almighty on our part to help our national leaders have a little more wisdom, a little more foresight than those from behind the Iron Curtain with whom they must deal.

On the state level this will be an election year. That is the area where much work can and should be done. I feel very strongly that the state government has been very lax toward the cities and towns. The state has practically all of the sources of revenue bottled up and yet they keep almost all of it. There is almost nothing at all returned to you the taxpayers of the local communities while the state expands and builds, and adds to its personnel. That is not fair. The state government must

find a way to return more money to the local communities. This must be done without the imposition of either a sales tax or an income tax to both of which I am very strongly opposed. Recently it was proposed, at the state level, that we abandon our school supervisory unions and have regional High Schools. This was proposed by the same people who are opposed to federal aid to education because they say we will be controlled by the federal government. Be that as it may but let us bear in mind that they are now attempting to control local schools from the state level without giving the necessary financial aid to the local community. The state government must keep their nose in their own business and not try to tell us how we are going to run our schools unless they are willing to take over the financial burden that goes with it. There is enough work which can be done at the state level to bring their own house in order, increase efficiency, eliminate waste to keep their people busy for a long, long time. When we go to the polls this election year let us remember that it is time to get someone in office who will see to it that we get our rightful share of state collected funds returned to us.

On the local level we have only two major problems confronting us this year. One is the construction of the addition to the High School and the other is the proposed Zoning Ordinance. With regards to the new addition to the High School I will insist that it be built according to the law. That is and I quote "all new schoolhouses shall be constructed under the direction of a joint special committee, chosen in equal numbers by the city councils and the school board ." The school board and the city council have enough to do without having to spend their time on the construction of a building. We have a very capable building committee in which I have every confidence so let us let them do their job, the job which we appointed them to do. They will do it much better and much more readily without continued interference from us. We shall however make ourselves available for consultation at any time, if requested by the building committee.

The Zoning Ordinance which has already had its first reading before the city council is of very great importance to all of us. I firmly believe it is something which we need here in Franklin to protect our citizens and their property. However I want to caution each of you on the council to read and read again and read very carefully the ordinance in its entirety before you pass on it for its second reading. This will enable you to better understand all of its provisions and the reasons for them. Should you find parts of it which you do not fully understand I will be happy to call the Planning Board into session with you for a full and complete discussion. Remember this, however, that a Zoning Ordinance is a regulatory ordinance and as such will of necessity hurt some individuals for the good of the majority. To the people of Franklin I say this. Make your feelings about zoning known to your councilmen. The only position they can take is that no comment from

you is an indication to them that you are in favor of zoning. If you are opposed to it write them and let them know. If you are in favor of it then write them and let them know.

There are several minor problems which need our close attention this year and I would like to discuss some of them briefly with you now.

TAXES — Our tax burden in Franklin is high, to that we will all agree. I believe that with the cooperation of the school board, it will be possible to hold the tax rate at its present level. Our own city departments will have to cooperate also, and by this I mean that we must have greater efficiency in all our departments with correspondingly reduced costs.

SCHOOLS — This administration has always had satisfactory relationships with the school department. For my part it will continue to be the same. To the school board I say this. We have every faith in you and we know you are careful in approving additions to the school system which are not absolutely necessary. We know that you will consider our ability to pay when you are considering your budget requests. The public schools of Franklin spend over 52% of the tax dollar and this is in a city which has a Parochial school which handles the education of over 400 children at no cost to the taxpayers. Certainly we cannot be accused of not giving our children a proper education because of a lack of funds. Here as well as in all our departments we must look for increased efficiency with the resulting decreased costs. I am sure that the school board will find the way to accomplish this.

WATER DEPARTMENT — Although this department is not one of our regular city departments run by the council it is a wholly owned subsidiary and as such is subject to some degree of control by the city council. In the past the cooperation between the water department and the city has not been good. Last year it increased to a good extent but cooperation to the fullest degree is needed and must be achieved. Water rates are now at a sufficient level to yield enough revenue for the department to start saving towards the cost of large additions to the water system which will be necessary in the near future. All of the revenue cannot be spent as fast as it comes in. The last major improvement to the water system at a cost of $75,000 was paid for by the city but we cannot expect the city to do this again. The Water Department must stand on its own financially.

ORDINANCES — This year we hope to finish the revision of ordinances which was started last year. Most of the work has been done and I hope to see this task completed satisfactorily early this year.

PUBLIC WORKS AND HIGHWAYS — This department has been operating very well under the direction of our engineer Gordon Hanchett. However I am certain that we need a continued effort to more fully utilize the available manpower and machinery so that we can provide

even better service to our citizens. I fully realize the need for the replacement of some equipment in this department. For this purpose I am requesting the Highway Committee to meet with me tomorrow evening to completely discuss their needs. Our sidewalk program finally got under way this past year although it was not completed due to bad weather. This year we must start on our sidewalk program in the spring to insure its completion to the extent of the funds available.

INSURANCE AND SAFETY — During 1961 the council completed a very extensive study and revision of the city's insurance coverage. This resulted in much greater insurance coverage at a very slight increase in cost. However there was one area that we did not cover and that is workmens compensation insurance. Workmens Compensation Insurance takes up about one third of our total insurance budget. Because we have never been safety conscious we have been on an assigned risk in the past. This year our insurance carrier managed to get us out of that category thereby saving over three hundred dollars on this policy. I firmly believe this is an area where a little effort on our part can result in substantial savings to the city as well as to safer working conditions for our employees. For this reason I am naming a Safety Committee which will meet once a month with me to review our practices and conditions so that we may make our departments safe places to work. The committee will consist of the heads of the Highway, Police, Fire and Recreation departments along with councilman LaPlante. Our insurance carrier will be requested to attend our safety meetings and to bring the safety engineer of our insurance company with him. The first meeting of this committee will be held sometime within the next two weeks.

PURCHASING — Lately our departments have been getting very lax in the proper procedure for making purchases of materials or services. Effective immediately I am charging all committees to be absolutely sure that written purchase orders are obtained from the Purchasing Agent before any purchases are made and not to make purchases for the purpose of carrying an inventory of any items which are very readily obtainable.

BUDGETS — Each department must submit their budget requests in quadruplicate so that one copy will be available to each member of the Finance Committee. No budget requests will be accepted unless there are four copies submitted. All budget requests must be in the hands of the finance committee by the first of February. This is necessary so that they can be reviewed and presented to the council for adoption by the first of March.

CITIZEN INTEREST IN GOVERNMENT — For some reason unknown to me the people of Franklin do not take an active interest in the administration of the affairs of the community. Attendance at council meetings, budget hearings, and public hearings has been very poor.

Active interest on the part of our citizens to engage in the management of city affairs is at a very low ebb. It would almost appear that people consider politics a dirty word. If that is the case then we are so very wrong and we must change our thinking. Politics is the basic system upon which our government is based. Without it we cannot have a democratic form of government, we cannot have a government of the people, by the people, and for the people. To participate in government, to do your share for the good government of your community is more than your duty, it is an honor and a pleasure to serve in such a capacity and to see the community grow and develop. One cannot fully understand the workings of a democratic government until he takes an active part in it.

Perhaps some people are afraid to get their name printed in the newspaper. We should not be afraid of that because we should not be ashamed of what we say or what we think. When we reach the point that we are afraid to speak our views in public for all to scrutinize then something is wrong with us. Either we have not thought the problem out fully or we are letting our own or some other interest influence our thinking. We will find I am sure that if we think problems out looking for a solution which will be good for all of us then and only then, will we be able to speak our views in public and not be afraid of what the newspapers might say.

I want to extend to each of you a personal invitation to come to the council meetings and see first hand how your government is run. If you do then I am sure that you will change your opinion of politics and you will want to take an active part. When you the people of Franklin, begin to take an active part in your government, then and only then will we have a healthy and prosperous community.

In closing I want to wish to each of you and to your families a very Happy and Prosperous New Year.

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE

FOR THE YEAR 1962

January 29, 1963

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

In accordance with your request and complying with the City Ordinances, we have made an examination of the books and underlying records of the City of Franklin for the year ended December 31, 1962. We are submitting our report in this connection consisting of exhibits, supporting schedules and comments.

SCOPE OF AUDIT

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and of the supporting evidence as was considered necessary under the circumstances. Verification letters were mailed to a substantial number of outstanding Property and Poll Taxes. Except for the Taxes, Accounts Receivable and some year-end adjustments, the general books of the City are kept on a cash basis and hence reflect cash receipts and disbursements only.

BALANCE SHEET — GENERAL FUND

EXHIBIT A

The Balance Sheet, General Fund, discloses the financial condition of the City of Franklin as at the close of business December 15, 1962. The Comparative Balance Sheet, Exhibit A, Schedule 3, shows the increases and decreases in the various accounts between the years 1961 and 1962.

CASH ON HAND AND IN BANK — $42,033.26

The cash in the bank was reconciled to both the bank statement and the independent confirmation received directly from the depository while the cash on hand was verified by count. All checks returned by the bank during the period under review were compared with the cash disbursements records and the receipts were traced to the bank deposits.

ACCOUNTS RECEIVABLE — $734.84
ACCOUNTS RECEIVABLE —
PARKING AREA CONTRACTS — $2,442.60

ACCOUNTS RECEIVABLE —

MUNICIPAL COURT AND BONDING COMPANY — $1,178.00

A listing of the open Accounts Receivable was in agreement with the General Ledger control. The Accounts Receivable, Parking Area Contracts, are aged as follows:

1960	$522.40
1961	824.90
1962	1,095.30
	$2,442.60

Some effort should be made to collect these accounts. In addition, there are several firms that have ceased carrying on business in Franklin and we would recommend that these amounts be charged off as uncollectible.

TAXES RECEIVABLE — $119,270.85

The activity in the tax account is shown on Exhibit A, Schedule 1. Differences between the control and the balances verified were substantially the same as those existing the previous year. The cash receipt stubs representing collections on Poll, Property and Head Taxes were checked to the cash receipts records. Postings to the Tax warrants were also tested. Abatements issued on Property and Poll Taxes were checked to the Warrants. Several hundred verification letters were mailed to the open accounts and any differences reported to us were thoroughly investigated. A substantial number replied concurring with the balances on the books.

The 1962 Tax Warrant was completely footed and proved to the control. The tax rate of $49.60 per thousand as approved by the State of New Hampshire Tax Commission was confirmed by direct correspondence. Approximately, 87% of the 1962 Property Tax was collected.

UNREDEEMED TAX SALES — $17,312.79

PROPERTY ACQUIRED BY TAX DEED — $1,274.15

These items were accepted as shown on the books and represent property acquired because of nonpayment of taxes.

HEAD TAXES RECEIVABLE — $5,485.00

This item represents uncollected 1962 Head Taxes which are payable to the State of New Hampshire when collected. A substantial number of the Head Taxes unpaid were circularized along with the Poll Taxes.

DUE FROM THE STATE OF NEW HAMPSHIRE — $8,511.62

Since the School Building Aid and the State Flood Control amounts due from the State of New Hampshire had not been received until after the audit date, these items were accrued as at the end of the year.

TEMPORARY LOANS IN ANTICIPATION OF TAXES — $115,000.00

The First National Bank of Boston verified the balance due on Temporary Loans in Anticipation of Taxes.

RESERVE FOR HEAD TAXES — $6,594.00

The Reserve for Head Taxes records the City's liability to the State

of New Hampshire on the 1962 Head Taxes and is liquidated with the collection of the Head Tax Levy.

PARKING METERS — $9,579.19

The above item represents the balance in the Parking Meter account after being charged with various expenditures and transfers approved by the Council.

UNEXPENDED BALANCES CARRIED TO 1963 — $8,871.61

The Council approved carrying to 1963, the unexpended appropriation balances as shown on the Balance Sheet.

SURPLUS — $56,857.11

Exhibit A, Schedules 2, 2A and 2B show the results of budgetary operation for the current year and further support the amount transferred to Surplus. The net increase in Surplus of $24,381.47 is largely attributable to the excess of the Actual Revenue over Estimated Revenue and the Unexpended Appropriation Balances.

BALANCE SHEET — GENERAL INDEBTEDNESS
EXHIBIT B

The Balance Sheet, General Indebtedness, discloses the City's liability with respect to bonds and long-term notes as at December 15, 1962. Exhibit B, Schedule 1, details the indebtedness.

The cash in the various banks was reconciled to both the bank statements and the confirmation received from the depositories.

All of the bonds and coupons cancelled during the year were produced for our inspection.

BALANCE SHEET — TRUST FUNDS
EXHIBIT C

The Balance Sheet, Trust Funds, records the Assets and the sources of such Assets in the custody of the trustees of the Trust Funds.

CASH IN THE BANKS — $39,911.97

Cash in the commercial banks was reconciled to the bank statements as well as the confirmations received directly from the depositories while the cash in the savings accounts was verified by an examination of the passbooks and the verification from the savings banks.

INVESTMENTS — $167,499.98

The securities shown on Exhibit C were examined in the presence of a trustee of the Trust Funds.

OVERSEER OF THE POOR — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

SCHOOL DISTRICT — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

PUBLIC LIBRARY — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

We examined the books and records of the above departments and

reconciled the bank statements as at the end of the year. All checks cancelled during the year, were compared with the cash disbursements records.

The overdraft of $2,781.26 of the Overseer of the Poor, as shown on the Statement of Budgetary Appropriations and Expenditures, Exhibit 2C, was approved by the Council.

PAYROLL

We examined all payroll checks cancelled during the year and proved the payroll charges to the appropriation accounts.

CITY CLERK

We tested the books and records in the office of the City Clerk and traced the daily register tapes to the cash receipt books. In addition, we tested the entries on the automobile permits, dog licenses, as well as other business licenses.

We wish to express our appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended us during the audit.

Respectfully submitted,

RICCIO AND CLEMENTS

Franklin Public Library

REPORT FOR 1962

The year just past completes fifty-five years of service to the city. The library is fortunate to have a central location in the heart of this small city. Our annual circulation continues to be made up of different types of library materials, books, magazines, pamphlets, maps, and pictures, with the total for the year 51,675. Of this number 18,413 books were from the children's room. It is interesting to note that the circulation of juvenile books increases each year, which is a good sign as the children of today will become the adults of tomorrow.

The additions for the year numbered 766, of which 49 were gifts, and 183 of the total were books added to the children's bookshelves. There were 499 books discarded for various reasons, leaving the library with a cataloged collection of 32,043 volumes. The reading score averaged 7.66 per capita, with that per borrower 13.9 books. It is always of interest to see in which categories the reading falls. This year it has been 36% adult fiction, 28.4% adult non-fiction, with the children's reading averaging 35.6%. There were eight volumes added to the Memorial Book Shelf. The reading room offers eight daily or weekly newspapers, and 162 magazines, of which 120 are subscriptions and 42 have been received as gifts. The year's circulation of magazines was 3,791, presenting evidence of the use made of back numbers as well as the current issues. New borrowers numbered 457, of which 123 were non-residents. There were 625 inactive borrowers' cards withdrawn, making our active list 3,705.

National Library Week was observed in April, with posters about town and the slogan "Read and watch your world grow" appearing on the large Chamber of Commerce bulletin boards at two approaches to Franklin. Bookmarks were distributed at the dinner meetings of several service clubs, as well as from the library. Pictures of libraries in many parts of the United States were on display. Book Week in November coincided with Education Week when the schools were occupied with special projects; therefore no school visits to the library took place, as has been customary during that particular week. A collection of the new books for the children's room was kept on display during the entire week, after which they were much in demand. Summer hours were in effect from the close of school until after Labor Day.

Interlibrary loans are useful when requested books are not in a local collection. With the Franklin library, these loans totaled 131, of which we borrowed 109 and loaned 22 to other libraries through the helpful system operated by the State Library. The Canadian colored movies loaned to libraries are increasingly popular. In 1962 there were 78

showings, by different groups, to 1,976 viewers. Our visits from the bookmobile, another State Library service, provide borrowers, both adult and juvenile, with a greater choice of books than the Franklin library could offer otherwise. The six visits during the year have meant 1,335 more choices of books for readers. Several special book exhibits have been borrowed from the State Library, the outstanding ones being on World Affairs and on Child Care.

The story hour, on the last Saturday morning of each month, carried on by Mrs. Elizabeth Krueger and Mrs. Harriet Smith, sometimes assisted by a Senior Girl Scout, has become very popular. When held at 9:30 the average attendance was fourteen, but when changed to 10:30 the attendance grew to thirty, which has been gratifying to the storyteller and to the library.

The entire library staff was privileged to attend the meetings of the New Hampshire Library Association in Manchester on May 8 and 9, when the library was closed by the trustees for those two days. Four trustees and the librarian attended the National Library Week luncheon at the New Hampshire Highway Hotel to hear the well-known author, James Michener. The librarian, staff members, and sometimes trustees, have attended bimonthly meetings of the Shieling Trust group held in the five different libraries belonging to the group. Book Banquet and Neighborhood meetings, held in Laconia and New Hampton, have been attended by staff members. The librarian was surprised and honored to receive a certificate and award as the Librarian of the Year, at the annual meeting of the New Hampshire Library Trustees Association at Concord in October.

Exhibits during the year have been on Nigeria, 50th Anniversary of Girl Scouts, Franklin High School pictures and souvenirs 1880-1900, early stamped envelopes, a mineral collection, Daniel Webster, and many views of a Grand Lodge meeting of Knights of Pythias held in Franklin around sixty years ago.

The library was remembered in the will of Miss Addie E. Towne, a former trustee, who left her entire library to the local library. Mrs. Ruth S. Hancock bequeathed $1,000 to the library which is to be added to the trust funds. Many friends have remembered the library with gifts of books, magazines, pictures and items of local historical interest, as well as gifts of money. The Franklin Girl Scouts presented four 50th Anniversary yellow rose bushes, a welcome addition to the landscaping of the grounds.

During the early summer months the library building received a much-needed coat of paint on the wood and metal trim, also on window casings and screens. A dozen folding metal chairs have been added

to those already in the Draper room. Dark shades have been installed in the same room to improve the effect when the Golden Glow group shows movies or has speakers who use movies or slides in their programs.

The publicity given library matters in the Journal-Transcript and the Concord Monitor has been much appreciated, also the accommodating repair of Canadian films at Franklin High School when necessary.

The Franklin Woman's Club has used Library Hall for its regular meetings. The Golden Glow Group has met in the Draper Room twice a month the year around, with an average attendance of seventeen members.

The library staff has had no changes. Mrs. Esther Griffin, a trustee for seven years, resigned. Mrs. Leda LaBonte was appointed by the City Council to serve her unexpired term. The library and the surrounding grounds have been given fine care by Ralph C. Colcord and Arthur Tilton respectively.

The interest of the Board of Library Trustees and the patronage of the reading public of Franklin make the entire library staff desirous of giving the best library service possible with the facilities and funds available. A recognized fact is the need for more book space and the need grows more acute each year. It will become a matter of necessity before long to make provision for added space, and thinking should be along this line to see that it becomes a reality in the not too distant future.

Annual Report of the Superintendent of Schools

Personnel

We lost five teachers at the close of school in June. Miss Smith, a Home Economics teacher, returned to Massachusetts. Mr. Sullivan, teacher of Mechanical Drawing, took a teaching position in Laconia. Mrs. Stockwell, the Special Class teacher, retired. Mr. Baston, Assistant Principal at the High School, accepted a position in Bristol as Principal of their High School; and Mr. White, grade four and head teacher at Hancock School, took an overseas position.

Miss Andree Houle, a graduate of Keene Teachers College in 1962, replaced Miss Smith; Mr. Robert Cole, a graduate of Purdue University who taught at Sanborn Seminary in Kingston, N. H. last year, took Mr. Sullivan's position; Mrs. Jacqueline O'Rourke, who has had experience teaching special children at the Laconia State School and Perkin's Institute for the Blind, replaced Mrs. Stockwell. Mrs. O'Rourke received her degree from Boston University. Mr. Dustin was transferred from Junior High to take Mr. Day's teaching assignment, and Mr. Day became Assistant Principal of Franklin High School.

Mr. Robert Blakslee, a graduate of Keene Teachers College with teaching experience in Tilton, replaced Mr. Dustin in the Junior High School. Replacing Mr. White at Hancock School is Mr. Robert Benoit, a graduate of the University of New Hampshire with teaching experience in Meredith, Sanbornton and Arizona.

In an effort to cope with increasing enrollments at the Jr.-Sr. High School, four additional teachers were engaged starting in September. Mrs. Frances Dunn, a graduate of the University of New Hampshire, was hired to teach Mathematics. Mrs. Dunn previously taught in Maine and Farmington, N. H. Miss Louise Roussell joined the staff to teach French and Social Studies. She graduated from the University of New Hampshire in 1962. Mr. Clark, a University of New Hampshire graduate, and Mr. Proulx, a graduate of St. Anselm's with teaching experience in Ashland, both took Mathematics positions in our school system.

Curriculum

A year ago our fall workshop, held prior to the opening of school, was focused on the teaching of Science. This study continued throughout the year with a committee of teachers working on a Science sequence for the schools in our Union. As a result of this work a group of teachers are using these Science units this year to try them out. It is from this trial that a guide for our Science program will be developed.

The Union Workshop this fall was spent revising the results of our testing program. This program has now been in effect for three years. A study of these results indicate a substantial gain in the ability of our pupils to read and to spell with no loss in other academic areas of our

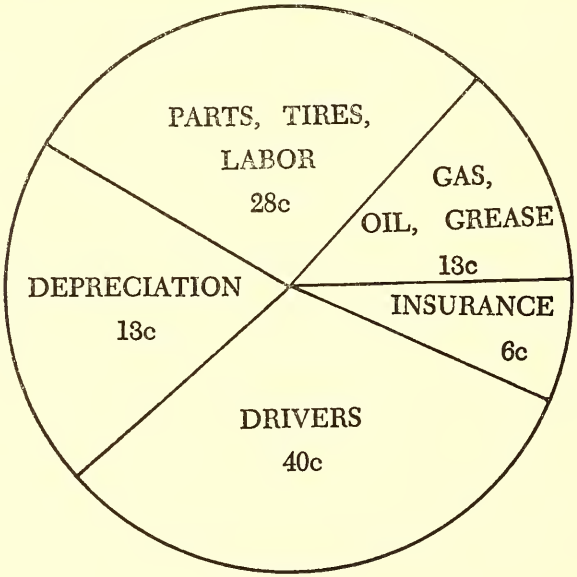
Elementary schools. These tests results do not indicate a gain in our Junior High area which indicates we should study what we are doing at this level very carefully so that improvement may be forthcoming. At the High School level the results are not clear at this time, however, in the next three years we should be getting some solid evidence of the quality of our program here.

In the previous three annual reports attention was called to an academic program offering a challenge to children who learn rapidly. A beginning was started two years ago in Kindergarten and Grade 7 in which we expanded the reading, mathematics and science programs. From this start we now have children in Kindergarten, Grade 1 and 2 participating in the advanced reading program; pupils in Grade 5 and 6 in a writing program; and Grades 7, 8 and 9 in the mathematics-science program. In two more years the gap from 2 to 5 will be closed, and our advanced program will be continuous into High School.

Pupils in this program begin reading in Kindergarten and by the second grade those still with the program have advanced to the third grade readers. At the upper level eighth graders study Algebra, and ninth graders in the program are offered an extra course in Earth Science, having completed the usual three-year General Science sequence in two years.

This program started with approximately sixty pupils two years ago and now is challenging approximately 175 pupils throughout our school system.

In this field of curriculum our efforts are constantly toward upgrad-



ing our standards for those who are capable. This process we hope to continue, while at the same time we must consider useful programs for those pupils we have who are not gifted in an academic manner.

Transportation

We continue to transport approximately 600 pupils to school each morning and home again at the close of school. These pupils are handled on four regular busses, and in the event of a breakdown, we have a used fifth bus in reserve.

During the school year 1961-1962 our school transportation system was operated at a cost of 20 cents per mile. This compares with 20 cents for 1960-1961. Towns and cities that contract for school transportation usually pay from 35 to 50 cents per mile.

Once again, ownership appears economical in this area of school costs. The graph below shows how each dollar was spent for transportation from September 1961 to August 1962.

Repairs and Maintenance

The repair and maintenance work accomplished this past year has been pleasing. With adequate personnel we were able to keep our buildings clean and grounds maintained.

The following additional work was accomplished at the Rowell School: an additional area of playground was graded, loomed and seeded. By maintaining this schedule the playground area would be completed in two more years.

At the Hancock School a sink with drinking fountain was installed on the first floor, and the cafeteria, boys room and girls room were painted. Hancock now has wash facilities on each floor. The painting added considerably to the appearance of the school's interior.

At the Junior-Senior High School area the bleachers on the Athletic field were worked on; the bracing cleared of rust; and additional planking purchased. This work is approximately 70 per cent completed.

Fluorescent lights were installed in the classrooms on the bottom floor of the High School, and the study room on the third floor. Additional shades were purchased, chalkboards in four rooms were replaced with cork boards for display area, and the gymnasium was completely repainted.

At all schools our equipment was serviced and kept in operating order.

Looking Ahead

A substantial step has been taken this year to meet the educational needs of Franklin with the near completion of the addition to the

Junior - Senior High School. This addition will assure adequate housing of our secondary pupils for many years.

A major problem facing us in Franklin as in many other communities in New Hampshire is adequate financing of a quality program of education.

The enrollments at Franklin High School for the past four years are given below:

1959	360
1960	388
1961	449
1962	493

Next year this figure is expected to be approximately 530 which will represent a gain of almost 50 per cent in five years.

These pupils require additional books, teachers, supplies and all the other requirements of a good education which in turn is dependent upon adequate financing.

HERMAN N. DONEGAN
Superintendent of Schools

Report of the School Nurse

School health programs were originally instigated for the control of communicable diseases. As the years went by, it was found that more effort should be placed upon the correction of defects. Today, we are concerned not only with these two areas of physical health, but also with the development of the whole child. The school health program also aims to help the pupils improve and maintain their own health and to assume their share of responsibility for the health of others.

During the month of March the Herf Sterneedle Tuberculin test was given to pupils in grades one, four, eight and twelve. Four hundred and thirty-two children, eight teachers and two lunchroom workers were administered the test. Eighteen children showed a positive reaction to the test and were X-rayed at the March chest clinic. No active tuberculosis was found.

Three Toxoid clinics, co-sponsored by the Franklin School Health Department and the Franklin Visiting Nurse Association, were held during the months of April, May and June with two hundred and seventy-six children in attendance. These clinics are available for kindergarten, first grade and pre-school children.

Our annual pre-registration clinics were held at the Rowell School on May 21, on May 22 at the Hancock School and on May 23 at Thompson Hall. One hundred and thirteen children registered at the various clinics and twenty-four slips were sent home due to the inability of the parents to bring their children to the clinic. These children received a physical examination by their own physician prior to entering a school.

The Nurse's Hot Lunch program, which has been carried on since 1947, was sponsored by the Kiwanis, Licns and Rotary clubs, the Elementary Parent-Teachers Association and money secured from the Melinda Tobie Trust Funds. Two thousand eight hundred and sixty meals were served, the cost of which was $386.30.

Miss Mary Bullock, physiotherapist of the New Hampshire State Board of Health visited the Franklin schools in June to supervise the exercises of fifteen children and to check students who were referred by the nurse. Twenty children attended the orthopedic clinics which were held in Manchester, Laconia and Concord. One case was operated upon this spring and two other cases were cared for during the summer.

Eight Christmas baskets, which were donated by the pupils of the Daniell Junior High School, were delivered at Christmas time, and in addition, sixty pairs of stockings, which were donated by Mr. and Mrs. Kimball, were distributed.

The Franklin Rotary Club sponsored nine boys who enjoyed two weeks of camping this summer. The nurse selected the boys and home

visits were made to secure permission and to give necessary details to the parents.

It has long been recognized that the state of the health of the body as a whole has a definite effect on the health of the eyes. By the same token, the state of visual health in an individual often is reflected in his general physical condition. Visual testing is therefore important and for this reason is given annually in our schools. This year the Massachusetts Vision test was administered to 2,000 children. Four hundred and thirty-nine students had their glasses changed, or secured new glasses. Seventeen pairs of glasses were secured by the nurse.

A child learns to talk by imitating the sounds he hears. If his hearing is defective, his speech may not only be delayed, but also impaired. Indeed, a good sense of hearing is vital to the development of good communication and the child's hearing should be tested early in life. To this effect, 2,035 children were tested with the Puretone Audiometer instrument. As a result of these tests forty children were found to have a hearing loss of ten per cent or more in either or both ears.

The most common defects, discovered by the doctor at the examinations of children in grades K - 4 - 7 and 11 were: decayed teeth, enlarged tonsils and adenoids, poor posture and orthopedic conditions.

We are pleased to report that 1,635 children attended the Sabin Oral vaccine clinic on June 4. A similar clinic was held on July 18 at which time 1,407 children received Type III Polio vaccine. On August 15, 1,367 children received Type II vaccine.

The students in the elementary schools were weighed and measured. Also, an inspection was made to eliminate skin infections, pediculosis and to discover those children who had not met the New Hampshire law requiring smallpox vaccination.

The improved program for increased protection for the health of students engaged in school sports was carried on again this year. The State mobile X-ray unit visited the high school on December 11 at which time seventy students participated. Physical examinations, toxoid immunizations, as well as a urine analysis test were given to 96 students.

Conferences were held throughout the year with teachers, pupils and parents.

It is my pleasure at this time to extend my personal gratitude to all persons and all organizations who have in any way contributed to the Franklin School Health program.

Respectfully yours,

MARION MOYNIHAN, R. N.
School Nurse

RESOLUTION

NO. 7

In the year of our Lord one thousand nine hundred and sixty-two. A resolution relating to the salaries of the Mayor and Councilmen. Resolved by the City Council of the City of Franklin as follows:

1. That pursuant to Chapter 260 of the Laws of New Hampshire of 1893, as amended by Chapter 348 of the Laws of New Hampshire of 1961, and after notice and a public hearing held on February 5, 1962, the salary of the mayor be and hereby is established to be the sum of two thousand dollars per year, commencing with the year 1962. Said sum shall be paid to the mayor quarter-annually and shall be in full for all services of any and every kind rendered by him in said office.

2. That pursuant to Chapter 260 of the Laws of New Hampshire of 1893, as amended by Chapter 348 of the Laws of New Hampshire of 1961, and after notice and a public hearing held on February 5, 1962, from the date hereof each member of the City Council be paid the sum of fifteen dollars for each regular monthly meeting of the Council which he attends, but not exceeding twelve meetings in any year. Said sums shall be paid to each councilman quarter-annually and shall be in full for all services of any and every kind rendered by him as councilman.

3. That hereafter the salary of the mayor may be increased or dim-

inished by the council after notice and public hearing, within the limits allowed by law, but no such change hereafter made in the salary of the mayor shall be made effective so as to increase or decrease the salary of the mayor now in office for his present term of office, and any such increase or decrease in the salary of the mayor hereafter made shall not affect the salary of any mayor hereafter elected if made between the time of his election and the end of the term of office for which he was then elected.

RESOLUTION

NO. 10

In the year of our Lord one thousand nine hundred and sixty-two A resolution relating to the location of the New Hampshire Technical Institute.

Whereas, the State Board of Education originally had voted to locate the New Hampshire Technical Institute in the City of Concord, and

Whereas, the original site selected for said Institute is presently not available because of a ruling of the Attorney General, and

Whereas, the State Board of Education has scheduled a public hearing for Saturday, April 14, 1962 to hear all interested parties relative to the location of said Institute, and

Whereas, Franklin is an important industrial center of the State and the location of the New Hampshire Technical Institute is of vital concern to the citizens of Franklin,

Now, therefore, be it hereby

Resolved that the City Council of the City of Franklin does hereby express its deep concern over the location of the New Hampshire Technical Institute because said Institute should be located so that it will serve the people of the central and northern parts of our state as well as the people in the southern part of the state, and that the City Council, on behalf of the people of the City of Franklin, does hereby indicate a great preference for the location of the New Hampshire Technical Institute in the City of Concord because of its greater accessibility to the people of Franklin.

Be it further Resolved that a copy of this resolution be transmitted to Mr. Franklin Hollis, Chairman of the State Board of Education so that it can be made a matter of record of the public hearing scheduled for April 14, 1962.

RESOLUTION
NO. 11

In the year of our Lord one thousand nine hundred and sixty-two. A resolution relating to the anticipated closing of the Franklin Mica Processing Depot.

Whereas, the General Services Administration has announced the anticipated closing of the Mica Processing Depot at Franklin, New Hampshire on or about June 30, 1962, and

Whereas, the operation of this processing plant is vital to the economy of the City of Franklin and to the one hundred persons therein employed as well as to the families of these persons

Now, therefore, be it hereby

Resolved that the City Council of the City of Franklin expresses great concern at the anticipated closing of the Mica Processing Depot at Franklin because it will mean the loss of employment to one hundred of our citizens, and that the City Council hereby requests the General Services Administration of the United States Government to do all in its power to keep this plant open for the continued employment of our citizens.

Be it further Resolved that a copy of this resolution be forwarded to the Honorable Bernard L. Boutin, Administrator, General Services Administration in Washington, D. C.

RESOLUTION
NO. 12

In the year of our Lord one thousand nine hundred and sixty-two A Resolution relating to the 50th Anniversary of the Franklin Lodge of Elks.

Whereas, The Franklin Lodge No. 1280 of the Benevolent Protective Order of Elks will celebrate their 50th Anniversary on June 22, 23 and 24th, 1962, and

Whereas, the Benevolent Protective Order of Elks of the United States of America is an organization which is dedicated to patriotic, benevolent, and charitable activities and it has over the past fifty years contributed so much to the people of Franklin, both young and old alike, and its members have contributed so much to the betterment of our community, and

Whereas, this City Council as well as those of the past is well

aware of the many outstanding contributions made in Franklin by the Franklin Lodge No. 1280, now therefore

Be it Resolved that the City Council on behalf of all of the people of Franklin extend congratulations and best wishes to the members of Franklin Lodge No. 1280 of Benevolent Protective Order of Elks on this the occasion of the 50th Anniversary of the establishment of the Lodge in the City of Franklin.

Be it further Resolved that a copy of this resolution be forwarded to Secretary of Franklin Lodge of Elks No. 1280.
